Certification:

Python Application Developer Certificate - Des Moines Area Community College, Ankeny, IA - December 2020
Java Application Developer Certificate - Des Moines Area Community College, Ankeny, IA - May 2020

Relevant Experience:

Software Engineer, Principal Financial Group, Des Moines, IA   **Sept. 2021 – Nov. 2021**
   Worked on an Agile Scrum team providing support for legacy Java code and software engineering solutions for small to medium feature requests in the Retirement & Income Solutions Pension area of Principal Financial Group. Emphasis on front-end development using core knowledge of Java, HTML, CSS, and JavaScript and applying that knowledge to a hybrid Java-Spring-React framework. Left due to a required lengthy recovery for a fracture of the right clavicle & calcific tendonitis of the right rotator cuff (as a new employee only short-term leave was available for me at the time).

Stay-At-Home Father   **June 2013 - May 2019**
   My wife wanted to pursue her career goals, so with two younger daughters still at home, we switched roles.

Web Developer, Freelance, Des Moines, IA   **Sept. 2009 - June 2013**
   Designed and translated static concepts into templates and functional websites for small businesses utilizing Drupal and WordPress Content Management Systems.

Webmaster, Des Moines Public Schools, Des Moines, IA   **Feb. 2009 - Sept. 2009**
   Collaborated with the Community Relations Director to design, develop, and implement a new district-wide branded website utilizing Drupal and templating that allowed for the dissemination of key internal and external communications. Produced a style and publishing guideline document for the district. Acted as the primary contact and webmaster for the district-wide website, aiding internal and external users by providing training and documentation and ensuring proper compliance with the Americans with Disabilities Act and the district-wide style and publishing guidelines.

Web Developer, Freelance, Des Moines, IA   **Nov. 2007 - Feb. 2009**
   Designed and translated static concepts into templates and functional websites for small businesses utilizing Drupal and WordPress Content Management Systems.

Webmaster & Marketing Specialist, Iowa Agriculture Innovation Center, Des Moines, IA   **Sept. 2005 - Oct. 2007**
   Design, development and management of Iowa Agriculture Innovation Center's main portal, individual value-added Ag related websites, the original "Choose Iowa" Value-Added Ag Resource site which provided a centralized marketing outlet for existing and startup Iowa value-added agricultural producers, processors and agritourism destinations.

Web Developer, Iowa Interactive, Inc., Des Moines, IA   **Jan. 2000 - Dec. 2003**, (**Jan. 1999 - Jun. 1999)**
   Worked with the State of Iowa through the Office of Chief Information Officer (OCIO) to provide web solutions for State and County entities of Iowa.

Web Designer- Developer, Z-Net Solutions, Bend, OR   **June 1999 - Jan. 2000**
   Designed and translated static concepts into functional websites using HTML, CSS, JavaScript, PHP, ASP.
